PROFESSIONAL EXPERIENCE

CONSULTANT(FRONTEND DEVELOPER)
CONNAISANT CONSULTANCY SERVICES | GURGAON | JUNE 2023 – PRESENT

- **IT Assets Module Development**: Spearheaded the design and implementation of the IT assets module in REALAPP, integrating sophisticated business logic to enhance asset management.
- The module features key sub-modules including **Inbound Assets, Outbound Assets, Liquidation, Auditing, Stowing of Assets, Global Status and History of Assets, and Asset Matching for Oracle**. This comprehensive approach **increased operational efficiency by 25% and reduced manual tracking efforts by 40%**, ensuring precise and timely asset data management across all stages.
- Contributed towards the development of the company's new website which **contributed to a 40% increase in lead generation**.
- Provided support for various other modules which included optimisation of existing functionalities and the development of new features, **enhancing system efficiency by 10%**.
- Proactively engaged with clients to understand their objectives and requirements.

FRONT-END DEVELOPER
ZIFF DAVIS | PUNE | MAY 2021 – MAR 2022

- Designed and implemented ZDDialer, a CRM tool that improved client lead tracking and management, **resulting in a 30% increase in lead conversion rates and a 25% reduction in lead response time.**
- Wrote and implemented efficient and clean code.
- Upgraded the frontend of the company's website, **leading to a 35% increase in user engagement and a 20% improvement in site navigation and load times.**
- Developed some modules for company's HRMS tool, streamlining HR processes and improving operational **efficiency by 25%, which significantly reduced manual administrative tasks and processing time.**
